<b><u>DOCUMENTS NEEDED</u></b>					
Closure Letter, and any conditional closure letter issued					X
Copy of most recent deed, including legal description, for all affected properties					X
Certified survey map or relevant portion of the recorded plat map (if referenced in the legal description) for all affected properties					NA
County Parcel ID number, if used for county, for all affected properties					X
Location Map which outlines all properties within contaminated site boundaries on USGS topographic map or plat map in sufficient detail to permit the parcels to be located easily (8.5x14" if paper copy). If groundwater standards are exceeded, the map must also include the location of all municipal and potable wells within 1200' of the site.					X
Detailed Site Map(s) for all affected properties, showing buildings, roads, property boundaries, contaminant sources, utility lines, monitoring wells and potable wells. (8.5x14", if paper copy) This map shall also show the location of all contaminated public streets, highway and railroad rights-of-way in relation to the source property and in relation to the boundaries of groundwater contamination exceeding ch. NR 140 ESs and soil contamination exceeding ch. NR 720 generic or SSRCLs.					X
Tables of Latest Groundwater Analytical Results (no shading or cross-hatching)					NA
Tables of Latest Soil Analytical Results (no shading or cross-hatching)					X
Isoconcentration map(s), if required for site investigation (SI) (8.5x14" if paper copy). The isoconcentration map should have flow direction and extent of groundwater contamination defined. If not available, include the latest extent of contaminant plume map.					NA
GW: Table of water level elevations, with sampling dates, and free product noted if present					NA
GW: Latest groundwater flow direction/monitoring well location map (should be 2 maps if maximum variation in flow direction is greater than 20 degrees)					NA
SOIL: Latest horizontal extent of contamination exceeding generic or SSRCLs, with one contour					X
Geologic cross-sections, if required for SI. (8.5x14" if paper copy)					NA
RP certified statement that legal descriptions are complete and accurate.					X
Copies of off-source notification letters (if applicable)					NA
Letter informing ROW owner of residual contamination (if applicable)(public, highway or railroad ROW)					NA
Copy of (soil or land use) deed restriction (s) or deed notice if any required as a condition of closure					NA

RE: Final Closure

Commerce # 54110-9401-82      WDNR BRRTS # 02-08-000392  
Brillion Bulk Plant, N8282 County Road PP, Brillion

Dear Mr. Schmidt:

The Wisconsin Department of Commerce (Commerce) has received all items required as conditions for closure for the site referenced above. This case is now listed as "closed" on the Commerce database and will be included on the Wisconsin Department of Natural Resources (WDNR) Geographic Information System (GIS) Registry of Closed Remediation Sites to address residual soil contamination. It is in your best interest to keep all documentation related to the environmental activities that were conducted.

If residual contamination is encountered in the future, it must be managed in accordance with all applicable state and federal regulations. If it is determined that any remaining contamination poses a threat, the case may be reopened and further investigation or remediation may be required.

Thank you for your efforts to bring this case to closure. If you have any questions, please contact me in writing at the letterhead address or by telephone at (920) 303-5410.

Sincerely,

A handwritten signature in black ink that reads "Beth A. Erdman". The signature is written in a cursive, flowing style.

RE: Failure to Meet Conditions of Closure

Commerce # 54110-9401-82 WDNR BRRTS # 02-08-000392  
Brillion Bulk Plant, N8282 County Road PP, Brillion

Dear Mr. Schmidt:

On June 7, 2002 the Wisconsin Department of Commerce (Commerce) approved Conditional Closure of the site referenced above.

The conditions for closure included the following:

- A notification must be placed on the property deed for N8282 County Road PP, addressing residual soil impacts. For case closure Commerce will need a copy of the deed notification that contains the County Register of Deeds' recording information.
- Documentation (WDNR abandonment form 3300-5B) of abandonment of groundwater monitoring wells MW100, MW300 and MW400.

To date, these conditions for closure have not been met.

Commerce requests that you fulfill your responsibility to address these conditions for final closure. Inclusion on the Wisconsin Department of Natural Resource's GIS Registry of Closed Remediation Sites is an option for this site. Enclosed is a checklist of documents required for the GIS packet if you decide to use the GIS Registry rather than deed notification. **Within 30 days, inform Commerce in writing of your intentions to bring this case to final closure.** Be aware that Commerce will pursue enforcement action if you do not respond to this request for information. Enforcement action can result in financial penalties and forfeitures for non-compliance.

Mr. John Schmidt  
Commerce # 54110-9401-82      WDNR BRRTS # 02-08-000392  
Brillion Bulk Plant, N8282 County Road PP, Brillion  
June 3, 2004

Your prompt attention to this request is appreciated. If you have any questions, please contact me in writing at the letterhead address or by telephone at (920) 303-5410.

Sincerely,

A handwritten signature in cursive script that reads "Beth A. Erdman". The signature is written in dark ink and is positioned above the printed name and title.

RE: Conditional Case Closure

Commerce # 54110-9401-82 WDNR BRRTS # 02-08-000392  
Brillion Bulk Plant, N8282 County Road PP, Brillion

Dear Mr. Schmidt:

On June 6, 2002, the Wisconsin Department of Commerce (Commerce) PECFA Site Review Section received the additional information requested for case closure, dated June 5, 2002, from Northern Environmental. It is understood that residual soil and groundwater contamination remains on-site. Using the standards established in the NR 700 series, Wisconsin Administrative Code (Wis. Adm. Code), Commerce has determined that this site does not pose a significant threat to the environment and human health. No further investigation or remedial action is necessary.

During groundwater sampling the preventive action limit (PAL) for methyl tert-butyl ether (MTBE) was exceeded at monitoring well MW400. Commerce is issuing a PAL exemption, per NR 140.28(2), Wis. Adm. Code, for MTBE at the referenced property.

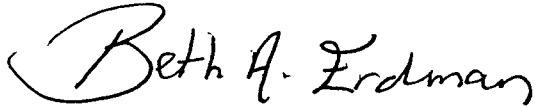

**The following conditions must be satisfied to obtain final closure:**

1. A notification must be placed on the property deed for N8282 County Road PP, addressing residual soil impacts. For case closure Commerce will need a copy of the deed notification that contains the County Register of Deeds' recording information.
2. Documentation (WDNR Abandonment Form 330-5B) of abandonment of groundwater monitoring wells MW100, MW300 and MW400.

As of August 31, 2001, State Statute 101.143 requires PECFA claimants seeking reimbursement of interest costs to submit a final reimbursement claim within 120 days after they receive written notification that no further action is required with respect to the discharge at their site. This letter serves as your written notice of "no further action". If your claim is not received within 120 days of the date of this letter, interest costs incurred after 60 days of the date of this letter will not be eligible for PECFA reimbursement. Costs associated with recording deed notices or other restrictions are not eligible for PECFA reimbursement, and the recording of these notices should not delay the claim submittal process.

Thank you for your efforts to protect Wisconsin's environment. If you have any questions, please contact me in writing at the letterhead address or by telephone at (920) 303-5410.

Sincerely,

A handwritten signature in cursive script that reads "Beth A. Erdman". The signature is written in dark ink and is positioned above the printed name and title.

ADDENDUM TO WARRANTY DEED

Grantor: Brillion Farmers Cooperative

Grantee: Alexandria Steven, LLC

Legal Description:

A parcel of land in the Northwest Quarter of the Southwest Quarter (NW  $\frac{1}{4}$  of SW  $\frac{1}{4}$ ), Section Twenty-four (24), Township Twenty (20) North, Range Twenty (20) East, Town of Brillion, Calumet County, Wisconsin, being described as follows:

The West Half of the North Half of the North Half (W  $\frac{1}{2}$  of N  $\frac{1}{2}$  of N  $\frac{1}{2}$ ) of the Northwest Quarter of the Southwest Quarter (NW  $\frac{1}{4}$  of SW  $\frac{1}{4}$ ).

AND

The West Two (2) rods of the East half of the North Half of the North Half (E  $\frac{1}{2}$  of N  $\frac{1}{2}$  of N  $\frac{1}{2}$ ) of the Northwest Quarter of the Southwest Quarter (NW  $\frac{1}{4}$  of SW  $\frac{1}{4}$ ).

AND

The West Half of the South Half of the North Half (W  $\frac{1}{2}$  of S  $\frac{1}{2}$  of N  $\frac{1}{2}$ ) of the Northwest Quarter of the Southwest Quarter (NW  $\frac{1}{4}$  of SW  $\frac{1}{4}$ ) EXCEPTING THEREFROM the South Eight (8) rods, ALSO EXCEPTING THEREFROM the West Two hundred and Fifty-five (255) feet.

AND

The West Two (2) rods of the East Half of the South Half of the North Half (E  $\frac{1}{2}$  of S  $\frac{1}{2}$  of N  $\frac{1}{2}$ ) of the Northwest Quarter of the Southwest Quarter (NW  $\frac{1}{4}$  of SW  $\frac{1}{4}$ ) EXCEPTING THEREFROM the South Eight (8) rods.
